

**Boston Welding & Design, Inc.  
provides Welding Services  
to industries throughout  
Boston, MA and New England.**

Our internal welding manufacturing capability is large enough to efficiently complete projects of any size, and versatile enough to create any kind of one-off prototype for testing purposes.

**Fully certified in SMAW, GTAW,  
GMAW and FCAW Welding by  
The American Welding Society**

Boston Welding & Design, Inc. is a premier welding, fabrication and manufacturing company servicing Greater Boston, Mass. and all of New England.

We operate a welding and manufacturing facility that includes the most modern and up-to-date equipment available. Our highly-trained staff boasts a combined precision welding and metal fabrication experience of over 85 years.

We are a highly dedicated company and our main goal is to make sure that every welding task is held to the highest industry standards.

Boston Welding employs a full team of project foremen, who supervise all the manufacturing operations, full-time estimators, CAD operators, project managers, field staff, and customer service staff. Our team works together to meet our goals and, most importantly, to meet the needs of our clients.

When you contract with Boston Welding you will work with a team of trained and experienced people who will complete the work safely and timely. We are proud of our services, skills, and dedication to create long-lasting relationships with our customers.
